

sendFrame

```
graph LR; A[sendFrame] --> B[PLAT_htons]
```

A diagram showing a call from the `sendFrame` function to the `PLAT_htons` function. The `sendFrame` box is shaded gray, and the `PLAT_htons` box is white. A blue arrow points from the right side of the `sendFrame` box to the left side of the `PLAT_htons` box.

PLAT_htons
