

withActualOutputParameter_c

```
graph LR; A[withActualOutputParameter_c] --> B[MockActualCall::withOutputParameter]
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box is shaded gray and contains the text 'withActualOutputParameter_c'. The right box is white and contains the text 'MockActualCall::withOutputParameter'. A dark blue arrow points from the right side of the gray box to the left side of the white box.

MockActualCall::withOutput
Parameter
