

openavblntfMpeg2tsFileRxCB

```
graph LR; A[openavblntfMpeg2tsFileRxCB] --> B[openavbMediaQTailLock]; A --> C[openavbMediaQTailPull];
```

The diagram illustrates a central node, 'openavblntfMpeg2tsFileRxCB', which is shaded gray. Two blue arrows originate from the right side of this node, pointing to two separate white rectangular nodes. The top node is labeled 'openavbMediaQTailLock' and the bottom node is labeled 'openavbMediaQTailPull'. All nodes have black borders.
