

failTest

```
graph LR; A[failTest] --> B[MockFailureReporterTestTerminator::MockFailureReporterTestTerminator];
```

A diagram showing a call to the `failTest` method on an instance of `MockFailureReporterTestTerminator`. The `failTest` method is represented by a grey box on the left, and the instance is represented by a white box on the right. A blue arrow points from the `failTest` box to the instance box.
