

APP - AVDECC Proxy
Protocol

APP Print

```
graph RL; A[APP Print] --> B[APP - AVDECC Proxy Protocol];
```

The diagram illustrates a data flow from a component labeled 'APP Print' to a component labeled 'APP - AVDECC Proxy Protocol'. The 'APP Print' component is represented by a gray rectangular box on the right, while the 'APP - AVDECC Proxy Protocol' component is a white rectangular box on the left. A black arrow points from the 'APP Print' box to the 'APP - AVDECC Proxy Protocol' box, indicating the direction of the data transfer.
