

getLongIntValue

```
graph LR; A[getLongIntValue] --> B[SimpleString::asCharString]
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box is shaded gray and contains the text 'getLongIntValue'. The right box is white and contains the text 'SimpleString::asCharString'. A dark blue arrow points from the right side of the gray box to the left side of the white box.

SimpleString::asCharString
