

examples/osx/avb_viewer
/AVB Viewer/AvbDevice.h

```
graph TD; A["examples/osx/avb_viewer<br/>/AVB Viewer/AvbDevice.h"] --> B["Foundation/Foundation.h"]; A --> C["AudioVideoBridging<br/>/AudioVideoBridging.h"]
```

The diagram illustrates the dependencies of the header file `AvbDevice.h` located in the `examples/osx/avb_viewer/AVB Viewer/` directory. Two blue arrows originate from the bottom of the top box and point to the two boxes below it, indicating that `AvbDevice.h` depends on both `Foundation/Foundation.h` and `AudioVideoBridging/AudioVideoBridging.h`.

Foundation/Foundation.h

AudioVideoBridging
