

msrp_tests_event_counts
_per_type

```
graph RL; TEST[TEST] --> msrp_tests_event_counts[_per_type];
```

A diagram illustrating a relationship between a variable and a test. On the left is a gray rectangular box containing the text 'msrp_tests_event_counts' on the top line and '_per_type' on the bottom line. On the right is a white rectangular box containing the text 'TEST'. A blue arrow points from the 'TEST' box to the gray box, indicating that the test is applied to or generates the variable.

TEST
