

store\_supported\_stream\_fmts

```
graph LR; A[stream_input_descriptor_response_imp] --> B[store_supported_stream_fmts];
```

The diagram consists of two rectangular boxes. The box on the left is shaded gray and contains the text 'store\_supported\_stream\_fmts'. The box on the right is white and contains the text 'stream\_input\_descriptor\_response\_imp'. A dark blue arrow points from the right side of the white box to the left side of the gray box.
