

getClockIdentityString

```
graph LR; A[getClockIdentityString] --> B[ClockIdentity::getIdentityString]
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box is shaded gray and contains the text 'getClockIdentityString'. The right box is white and contains the text 'ClockIdentity::getIdentityString' on two lines. A dark blue arrow points from the right side of the left box to the left side of the right box.

ClockIdentity::getIdentity
String
